## DEMOCRATIC STATE UNION CONVENTION!

I am instructed by the State Democratic Committee to call a Convention of Delegates from all the counties in Kentucky, to be held in the city of Louisville, on Tuesday the 8th day of January next, and to invite the co-operation in sending delegates to said Convention of all the citizens of the Commonwealth, without respect to parties, favorable to the maintenance of the Federal Union, on the basis of non-interference by Congress with slavery in the Territories, and the faithful enforcement of existing laws for the protection and surrender of slave property, without let or hindrance by the laws or authorities of non-slaveholding States.

J. B. COCHRAN,  
Chairman Democratic State Com.

ODDS AND ENDS.—Yesterday was eminently after a week's gloom. We cannot tell how it affected other people, but for us—it made as jolly as a ton of gun-powder handles. We made the most of what we walked, ran, jumped, whistled, etc., we drank it, ate it, and thought that there were full of sunshine. It was the most delightful intoxication imaginable. Emerson says poets should get drunk on water; we prefer sunshine as the most exhilarating. If the rich could bottle it up for their own drinking, we should be miserable, for we couldn't afford a costly beverage. But it is a free tipple, and poor and rich alike may enjoy it if they will. Blessed be the sunshines that paints the rainbow and the flowers, that warm the bosom of mother Earth into fruitfulness, and make all nature beautiful... A sensible fellow was Martin Luther, who didn't esteem it necessary to eschew love and music, cake and ale, because fools were them. He is a court in German which contains the great reformer's true teaching on these matters:

"...who loves is a winner, who, and, and..."

...Two hundred and fifty years do not appear to have made any remarkable difference in human nature, or, rather, in woman nature. In the year 1620, a bold-and-monger complaint of the vanity and idleness of the ladies in the following execrable:

"Bodor's pocket-handkerchief."

The long, sweeping, featherly palm branch, hangs down his door, bows to the study more than to the boudoir.

"...Socotra, and so forth."

...As the author of "John Hassan," is a chosen of creditors: The commercial world is now playing the opera, or rather singing the chorus in the most frantic manner. The cry is "Pay, pay, pay." We will no longer wait, sir," and the reply is a grimace and a gesture to denote empty pockets. That is what affects us....Church's (the New York artist's) studio is thus described by the letter writer of a rural journal: His signature is fraught with remembrances of the glorious tropics, and of

The maxims of wisest men are to preserve the body in perfect health, not to wait for the development of disease. "Be wise in time," check and guard against the first approach. Keep the stomach and blood healthy and pure, and the plagues of a polluted atmosphere fall harmless. The only remedy that will thoroughly purify the blood, and at the same time strengthen and invigorate the system, is McLean's Strengthening Cardiac and Blood Purifier. Try it, and you will be convinced. New advertisement due down.

**TURENNE**—Watson & Soule have one of the largest assortments of furniture in the city, and are selling at prices ten to fifteen per cent. less than any other house. For prices, call at their store and see what bargains may be had. 28th Market street, north side, below Gaslight House. Repairing, varnishing, and upholstering done at short notice.

At a time when there is great fear of the stock of dry lumber, ashes, blinds, etc., will fall short, owing to the vast amount of improvements in Louisville, it will be interesting to the public to know that Alexander, Ellis & Co., have enlarged their factory and have now a hand several million of dry lumber. Call at their office on Main street, opposite the Old Market, or at their factory on Fulton, above Preston street.

**FINE FURNITURE**—Wharton & Bennett keep constantly on hand a large stock of desks, chairs, tables, and chamber furniture, of all kinds and descriptions, which they sell at their warehouse at the lowest prices. Their store is No. 602 and 604 Market street, between Second and Third, etc.

ferent to those of Mr. Lewis & Co.

**HOME TUTORSHIP.**

For the past several months I have been laboring under various sicknesses and general debility, much of the time confined to my bed, and from which I received no benefit from my physician. After using some of your blood pills and blood purifier, purchased of your agent, Mr. Wm. H. Plummer, I feel as a new person, almost entirely free from disease, and would recommend your medicines to all who are in need of invaluable remedies.

Yours very truly,  
MARY T. HOPFMAN,
